Returned to Dr. Millikan his letter to Mr. Rice of the Bureau of the Budget. The DCI has talked to Mr. Rice's office and expressed doubt about the paper they submitted for comment. Mr. Rice will probably be in touch with Dr. Millikan during the next week.

Talked to Colonel Hanson about the references to CIA by name by reputable newspapers. Hanson will see what can be done about keeping papers from speculating as to our activities.

Wrote Mr. [redacted] a note in regard to my conversation with [redacted] [redacted] in relation to his joining Mr. [redacted] staff. This can probably only be done on a consultant basis and is being held in abeyance for the time being.
